

Wiltshire Link Schemes are community based initiatives that aim to improve the quality of life for disadvantaged, elderly or infirm people by providing a structured neighbourly service delivered by volunteers from within the local area.

The Amesbury & Boscombe Down Link Scheme provides a support service to enable those without access to transport to use local services and facilities. The service is provided by volunteers using their own cars. The Link Scheme is run and managed by a group of local people. To use the scheme simply call 01980 610377
